Charney Bassett Parish Council – 18th November

Item 13: Oxfordshire County Council Pothole Superhero Campaign

**Could you be your parish's next FixMyStreet Super User?**

Do you regularly spot potholes, damaged pavements, broken kerbs or blocked drains when you're out and about?

Do you already use the FixMyStreet website to report the problems?

Oxfordshire County Council is looking for local volunteers to become **FixMyStreet Super Users**. Super Users are trained to identify certain highway problems and, where they meet the agreed criteria, raise a work order directly for repair.

Full training, equipment and ongoing support are provided. There are no set volunteering days or hours.
